PRESENTS

**“Top 10 Gardening Blunders —
and How to Avoid Them!”**

Presented by The Renegade Gardener

Sure, gardening is fun, soothing, enriching and all of that, but don't always believe it when you see a landscaping project described as “easy,” or a plant touted as “fool-proof.”

Fact is, *gardening is a lifelong learning process* that involves more than a little guesswork, serendipity, and experimentation. Down the road, every gardener is sure to discover that startling success sometimes goes hand-in-hand with staggering failure.

Come hear Don Engebretson, The Renegade Gardener, at the 24th annual Boise Flower and Garden Show! Seating is limited.

March 27th and 28th, 2020 | 12pm Both Days
